NATIONAL ASSOCIATION OF WOMEN HIGHWAY SAFETY LEADERS

INVITATION FROM THE NAWHSL PRESIDENT

Dear friends,

When I travel, I like to know a little about the area. Indiana was a surprise to me! Having grown up in neighboring Illinois in corn and bean country, I expected the same of Indiana. Surprise - Indiana ranks first in the U.S. in the production of popcorn, gourds and duck and #2 in pumpkins. Who knew?

I know you have heard of the Hoosiers. Did you think they were all athletes at Indiana University? Since the 1830's, Hoosiers has been used to refer to residents or natives of Indiana. All of them!

Come to Indianapolis and be surprised! This Midwestern city has become a cultural and sports center. The Indianapolis Motor Speedway is the world's largest sporting facility with 559 acres and capacity for 400,000! The Indianapolis Children's Museum is the largest IN THE WORLD.

We will continue to surprise you with the content of the NAWHSL Traffic Safety Leadership Conference. Our sessions focus on Professional Development, Resource Access and Leadership Development. You will learn about trend-setting and innovative programming in traffic safety. You will take part in an analysis of your own leadership style. You will meet this year's NAWHSL Outstanding Young Woman Scholarship winner. I have not even touched on the connections you will make with strong women in traffic safety across our nation.

Come join us in Indianapolis September 5 - 7. This packet has everything you need to get started on this journey.
