National Association of Women Highway Safety Leaders

Dear Members and Friends,

Welcome to the 56th Annual Traffic Safety Leadership Conference of the National Association of Women Highway Safety Leaders. The pandemic and current social issues has definitely changed the traffic safety landscape. We are constantly looking for ways to decrease crashes, injuries and fatalities on our roadways. We have an amazing conference planned. It will be filled with useful, thought provoking, insightful presentations. We will begin by having our share on Thursday. That will give us some time to catch up with old friends, and make some new ones, and learn about what is going on in other states.

The Opening Session will commence on Friday morning and ending with presenting our scholarship recipients with their certificate at our banquet on Saturday evening.

Thanks to all who have helped with planning this conference. I appreciate each and every one of your efforts and the time dedicated to making this a success: Joanne Kurt-Hilditch, Christy Timbrell, Tiffany Duvall, Cindy McKay and Kay Brodbeck.

Make sure you get out and take a bite out of the “Big Apple” by taking advantage of its many sights and sounds it has to offer. May our time together provide inspiration that is sometimes needed as a reminder that what we do really matters and we are making a difference and saving lives.

Sincerely,

Juliet Little

President
